# ABOUT THE SHOW

At its 10th edition, Textfusion will take 150 international manufacturers at the Business Design Centre.

Textfusion is the first UK fair of its kind and responds to an increasing demand of international textiles by European fashion brands, retailers and manufacturers.

The products presented are fashion fabrics, apparel accessories, technical textile, denim and a large garment section.

The show attracts around 2000 buyers who travel predominantly from the UK (90%). Central and Northern Europe, Russia and the Middle East.

# SUSTAINABI LITY

Textile Events promotes an eco-friendly culture which aims to reduce the impact of the fashion industry on the global environment.

There is increasing attention on the industrial impact on the planet and fashion brands are sourcing for eco-friendly alternatives. More than 60% of our visitors declare to source primarily for sustainable/eco-friendly products.

For these reasons, we have decided that was time for Textfusion to have a trend forum dedicated to sustainability, which will help the visitors in their responsible sourcing.

# CHINA PAVILION

A large group of Chinese manufacturers will attend Textfusion this November, forming a Pavilion of more than 60 fabric and garment manufacturers.

The China Pavilion is coordinated by Tenga Exhibition which collaborates with Textfusion since 2018.

The pavilion includes a large selection of fashion fabrics, garments and technical collections from the finest Chinese manufacturers.

# TAIWAN PAVILION

Responding to initiatives taken in the Sustainable Sourcing Forum in The London Textile Fair earlier this year, Taiwan Textile Federation (TTF) deepens the partnership with Textfusion by joining the show with 10 companies that offers a wide library of fabrics that not only delivers on high quality functionality, but also takes the market's demand for sustainability to heart.

We welcome you to visit the Taiwan Textile Collective to understand the unique approach that each company took to reduce environmental impact of the textile industry!

The lineup of the 10 companies joining Textfusion this November includes: Victorlong (Textile) Co., Ltd., Ea Shinn Co., Ltd., BeBe Cotton Kintting Co., Ltd., Hwang-Yih Textile, Hyperbola Textile Co., Ltd., TDI Textile Co., Ltd., Orientex Precision Industrial Co., Ltd, New Palace Fabric Designing Corp. Gay Chun Industries Co., Ltd.

Doors open from 9am to 6pm on both days, tickets are available at this [LINK](#)
